

ResearchGate

ResearchGate is a network dedicated to science and research. Connect, collaborate and discover scientific publications, jobs and conferences. All for free.

Step: 1 Setup ResearchGate account

ResearchGate

Already a member? [Log in](#) ▾

Join 4 million researchers,
including 30 Nobel Laureates

- Read the latest publications in your field
- Discuss your work with other specialists
- Collaborate with colleagues

Step: 2 Find and add your Publications

ResearchGate

Step 2 of 6

Find and add your publications

Search

Search for your publications by title, author name, or DOI to add them to your ResearchGate profile.

If you've never published, move on to the next step.

Or Skip this

Search here

wala Rathnayake

You will be able to edit your profile later.

Skip this step

Continue

Step: 3 Find and add your Publications

Login and password

Follow

Why follow people?

It's the best way to get the most out of ResearchGate and stay up to date with what your peers are working on and publishing.

Who should I follow?

Follow people you know, whose work you're interested in or who you'd like to collaborate with.
